

## MEMORANDUM

DATE: October 16, 2009

TO: The Board of Supervisors

FROM: Tammy Rosario, Principal Planner

SUBJECT: Draft 2009 Comprehensive Plan

---

After 25 months of research, public outreach, and discussions, the draft Comprehensive Plan – *Historic Past, Sustainable Future* – is complete. The 2009 Comprehensive Plan is built on the successes of past comprehensive plans and is inclusive of the knowledge, expertise, input, and vision of County citizens and businesses, the Community Participation Team (CPT), Steering Committee members, the Planning Commission, County staff, and consultants. The Planning Commission has unanimously recommended approval of the draft Plan. This binder contains the draft Plan text as a clean copy that reflects the Steering Committee errata items and the changes made by the Planning Commission.

Should the Board wish for additional information on changes and considerations since Steering Committee adoption, additional resources are available. Staff has maintained a version of the draft Plan document that shows these changes in legislative format, as well as an overall draft tracking sheet that shows the origin of the changes, and a question and answer document that lists items which were discussed but did not result in changes to the document. All of these materials are posted on the Comprehensive Plan website in the Planning Commission and Board of Supervisors Consideration table at: <http://www.jccplans.org/steering/schedule.html#materials>. (Staff can print and provide hard copies of these materials upon request.)

If you have questions at any point in time while reviewing the Comprehensive Plan text or related materials, please contact Planning staff at 253-6685. Staff looks forward to receiving your input and to the adoption of *Historic Past, Sustainable Future*.
